ASIA'S MOST ANTICIPATED BUILT ENVIRONMENT EVENT

The International Built Environment Week (IBEW) is the first fully-integrated event in the Asia Pacific covering the entire built environment life cycle and value chain.

IBEW 2019 concluded on a high note, with more than 12,000 built environment leaders and professionals from over 50 countries and regions converging in Singapore to exchange ideas and experiences, widen networks and discover new business opportunities.

IBEW 2019 was exceptional! It was a worthwhile investment, and I'm committed to making this a yearly event for me.

Mr. Donatus Oduopara
Managing Director
Buildsafe Ltd
IBEW 2019 Delegate

IBEW 2019 is very relevant to our current practice in the industry. It allows us to see where the future is heading, so we can prepare for what's ahead.
