

28 Mar 2020

Dear Built Environment Colleagues,

We hope you are keeping well in this current situation. With COVID-19 declared a pandemic by the World Health Organisation, Singapore and countries worldwide have implemented various restrictions, including on travel, large-scale events and safe distancing, in order to curb the spread of the virus.

For BCA, the health and well-being of members of our Built Environment sector and our employees remain our priority and commitment.

We wish to keep you informed that BCA has put in place safe distancing measures at our office premises in Jem and BCA Braddell Campus, including all our common areas such as meeting rooms, our Service Centre, etc.

To provide our employees with a safe working environment, we have activated split teams working from office and home with effect from 23 March.

However, we would like to assure you that our front-line services remain operational and we will continue to uphold our committed service standards. At the same time, we would like to encourage you to use our e-services, to minimize face-to-face contact. Rest assured that you will continue to receive quality service through our e-services.

In addition, we are deferring non-essential events and reducing the size and duration of our meetings, as necessary. Where possible, we will facilitate our engagements with industry members through remote means e.g. via video conferencing.

We advise all of you to adhere to the latest MOH, MOM and relevant authorities' guidelines to reduce the risk of local transmission of COVID-19. We hope that you will continue to be engaged with us and share with us your concerns and challenges, and we will try our best to address them.

In the meantime, stay healthy, remain positive and as #SGUnited, we can overcome this crisis together.

Best regards,

Adeline Loo

Director

Strategic Engagement Department, weBuildSG

Building and Construction Authority
