

Dear Industry Professionals,

The Government has announced a ***new \$1.36 billion Construction Support Package*** on 27 June 2020. The support will be extended to firms in the construction sector to help them cope with the impact of COVID-19, and so that they can resume work quickly and safely.

2 Broadly, the Government will (i) extend advance payment for public sector projects beyond May 2020, (ii) provide support for prolongation costs for public sector projects, and (iii) help companies offset additional compliance costs due to COVID-19, including swabbing tests for Construction workers.

3 More information about the new Construction Support Package and other support measures can be found below.
