

Dear Members,

Registration for digital **International Built Environment Week (IBEW) 2020** is now open!

The digital IBEW 2020 will offer a whole new digital experience. Themed '*Emerging Stronger through Innovation*', it echoes the collective aspiration to push the boundaries of innovation to shape a smarter and more sustainable built environment.

Join the community as they converge to discuss how the built environment sector can emerge stronger and build resilience, against the backdrop of the COVID-19 pandemic.

Happening from 1 – 30 September, digital IBEW 2020 will offer a series of specially-curated webinars, networking sessions and virtual exhibitions showcasing the latest innovations in digitalisation, advanced construction, sustainability and smart facilities management. These offerings are designed to support and lead the built environment sector towards a smooth and transformative recovery.

Access to digital IBEW 2020 is **free**. Click [here](#) to register now.
