3.00pm

Building a Food Resilient Future

Technical Requirements for Farm Development

Organised by the Singapore Food Agency (SFA) and Enterprise Singapore (ESG) with the support of technical agencies, this webinar aims to provide Qualified Persons and relevant professionals with an understanding of the growing local agri-food / tech sector and the opportunities it offers. The key agencies involved in regulating farm development will share on their regulatory requirements and plan submission guidelines. We also look forward to learning from participants about new trends that could transform our future farms.
