

**EMERGE
STRONGER
IN THE NEW
NORM**

The prolonged global economic recovery is putting a lot of stress in organisations across different industries. To remain sustainable, **business models need to be re-evaluated quickly** to meet the new norm post Covid-19.

Delivering timely quality projects to meet user demand remain high in priority. But what else can be done? **Industry firms must further develop institutional capabilities to accelerate and adopt digitalisation supported by effective big data management.**

Certification Course in BIM Management

Commencing 19 October 2020

Learn how BIM can improve your productivity further. A good understanding of BIM management will help you to implement and execute BIM projects effectively.

Principles and Application of Data Analytics

Commencing 19 October 2020

Built environment firms need to accelerate the adoption of big data management to operate business more effectively. This course aims to prepare you/employees with the knowledge and skills to apply data analytics skills effectively.

The Security of Payment Act – Technicalities and Practicalities

Commencing 12 October 2020

A good understanding of Security of Payment Act will help firms to manage project cash flow effectively.

Certification Course in Construction Law and Contracts

Commencing 20 October 2020

Learn how construction contract can impact construction projects at various stages. You will also learn about construction law facilitated through case studies.

CONQUAS Training for Builders

Commencing 30 September 2020

Specifically designed for builders to acquire updated knowledge to conduct in-house CONQUAS assessment for your projects.

CONQUAS Training for Developers and Consultants

Commencing 14 October 2020

To ensure project quality, it is essential that owners/developers and consultants develop a good understanding with builders to meet the quality demand from users. This course is designed for developers/consultants to understand the CONQUAS standards and procedures.

SKILLS TRAINING

Tower Crane (Saddle Jib) Operations

Commencing 7 October 2020

Crawler Crane Operations

Commencing 14 October 2020

Comprising theory and practical components, the course (available in Mandarin & English) will prepare the participant to be a MOM-registered crane operator (T&Cs apply)

PPVC Lifting Course for Saddle Jib Tower Crane

Commencing 28 September 2020

The rapid development in Prefabricated Pre-finished Volumetric Construction (PPVC) will require crane operators to be skilled in lifting heavier and bulkier components in PPVC. Builders will need qualified and trained crane operators to perform safe PPVC lifting to ensure successful project delivery
