

1 Oct 2020

Dear Industry Professionals,

RESTART APPROVAL FOR APPLICATION FOR PERMIT TO COMMENCE STRUCTURAL WORKS

Currently, before carrying out any works at construction projects, a Permit to Commence Structural Works and a separate restart approval on meeting Covid Safe Restart criteria is required.

From 1 October 2020, for new construction projects applying for Permit to Commence Structural Works to BCA, please furnish a copy of the approval letter in order to substantiate that restart approval had been obtained, failing which a rejection letter will be issued.

Please refer to <https://www1.bca.gov.sg/COVID-19> for details on application to restart building works.

You can refer to the following for more information:

Advisory: <https://go.gov.sg/bca-advisory-restart-construction>

FAQs: <https://go.gov.sg/bca-faqs-restart-construction>

Restart Criteria: <https://go.gov.sg/bca-restart-criteria>

Thank you.

Best regards,
Project Manager
