Brought to you by:

Association of Women in Construction (Singapore) (AWiCS) will be hosting a 1-hour webinar on 15th Oct 2020[1400- 1500hrs (SG Time)].

- **Theme** : “Build It! How Women can forge the development of the Built Environment (BE)”.
- **Content**: The co-located webinar deep dives into how tomorrow's leaders embrace innovation and alternative methods for project delivery. Discover how key advancements in the latest SMART technologies can help foster diversity and profitability within the built environment sector.
- **Panel Discussion**: Join AWiCS panellists who will share some insights based on their careers in the built environment.

Please click the following link to register for the webinar, looking forward to see all of you.
