

Think E-Sports is just about Gaming? Want to learn more about the other Job Opportunities in the E-Sport Industry? You have a burning question that you want ask?

Join us for this Panel Discussion brought to you by NTUC U PME. See you!

Job Opportunities in the E-Sports Industry

eSports or electronic sports describes the world of competitive, organized video gaming. But eSports is not just about gaming. It transforms online gaming into a spectator sport, powered by a booming industry behind it – technology and analytics platforms, event management, sponsorship, investment etc. Are you keen to find out more about this growing industry and where the opportunities are? Hear from veterans on where to start and what skills are required to get you started.
