BUILT ENVIRONMENT AND PROPERTY PROSPECTS SEMINAR 2021

18 & 19 January 2021 • 9.30am - 12.30pm • Physical & Virtual Seminar

Guest of Honour
MR DESMOND LEE
Minister for National Development
and Minister-in-charge of Social
Services Integration

Plan, Pivot & Prioritise: Navigating Ahead towards Resilience

- With the positive development of the vaccine, how will it impact the economic activities in Singapore and the region? What's the direct impact on construction demand in 2021?
- For built environment to remain robust and resilient, how would Singapore's urban development plan evolve moving forward?
- 2020 had accelerated the sector's technological and digital readiness. What more can be done to tap on new opportunities as we recover gradually?
- With ageing of building stocks in Singapore, what are the opportunities in facilities management?

Because you have dreams for a better built environment,
we're here to help you fulfil them

SPECIALIST DIPLOMA

Specialist Diploma in Virtual Design & Construction

Commencing 11 January 2021

Specialist Diploma in Computational BIM (Building)

Specialist Diploma in Computational BIM (Infrastructure)

Specialist Diploma in MEP Modularisation

Specialist Diploma in Design for Manufacturing and Assembly

Commencing 18 January 2021

CFD Modelling for Natural Ventilated Buildings

Commencing 21 January 2021

Understand CFD process and use of CFD software, facilitated by practical sessions, to integrate building ventilation concepts and practical aspects of CFD performance.

Building Automation Concepts, Technologies and Practices for Green Buildings

Commencing 9 March 2021

Understand how smart automation technologies can lower a building's operating and maintenance

costs and, at the same time, create a safe, comfortable, healthy and productive environment for building occupants. The course will also cover building performance and energy management strategies for lighting and HVAC.

INTEGRATED DIGITAL DELIVERY

Certification Course in BIM Modelling (MEP)

Commencing 4 March 2021

Acquire practical BIM modelling skills to start and support a project through BIM, which is an integrated digital collaboration platform for entire building process from designing to construction to post-construction building management.

PROJECT MANAGEMENT & CONTRACTS

Application for Extension of Time - Factors for Success

Commencing 8 March 2021

How do you apply for extension of time (EOT)? What qualifies for EOT? What are your rights in EOT? Join the course to learn from an industry practitioner.
