

Dear Sir/Madam,

INVITATION TO SUBSCRIBE TO iNPQS CLOUD BASED IT-PLATFORM

Warm greetings from iNPQS Pte Ltd and wishing you a Happy Chinese New Year and a prosperous year ahead. Further to our general invitation to members of ACES, IES and SIA in Dec 2020 and on behalf of our Directors, Ar Ashvinkumar, Er Chan Ewe Jin and Er Ling Shiang Yun, we wish to seek your support to subscribe to iNPQS Cloud-based IT Platform.

iNPQS Pte Ltd is jointly set-up by the 3 Professional Institutes (namely, ACES, IES and SIA) and supported by BCA. Our main objective is to deliver, manage and sustain a national level building specification for Architecture, Civil & Structure (C&S) and Mechanical & Electrical (M&E) scope of works in Singapore. Our platform system allows Architects, Engineers and Specification Writers to create specifications from reference standard templates which can be customised to suit each individual project. It is integrated with BIM technology, as well as links to Singapore Standards and the latest products from local and international manufacturers and suppliers.

The entire cloud-based IT Platform and the national specification (termed as iCoreSpec) was officially launched on 26 Nov 20 and is currently being piloted by Government Procurement Agencies such as HDB, LTA & JTC for their projects and has already being adopted by both large and small private practices.

Please take note that we are currently extending our 1+1 promotional offer for subscription to our iNPQS Platform from now till 30 Sept 2021. We are also pleased to announce that the iNPQS platform has received approval from IMDA for the Application of Productivity Solutions Grant (PSG) and the grant of 80% of the listed price has been extended till 30 Sept 2021 for eligible SMEs.

Please refer to the attached Application Form for more details on the subscription of our iNPQS platform. You can also download the Application Form from our website at www.inpqs.com (Pricing Page).

We look forward to your support and be part of this IT-platform so that together, we can play an instrumental role in the digital transformation of the construction industry in Singapore.

Yours sincerely,

Ar Siti Habibah Siraj
