Guest Speaker

Mr Jin Junwei
Deputy Director,
Shenzhen Water Group

Mr Jin Junwei is the Deputy Director of Customer Service Centre of Shenzhen Water Group. With a vision for China's digital water development, he initiated the IWA Water Loss Specialist Group - China Region in 2017, which he co-chairs. Junwei is responsible for Shenzhen Water Group's integrated smart water project, which covers SCADA, water and wastewater network optimization, water loss management and zoning, water quality monitoring and flood management.

Moderator

Dr Adrian Yeo
Senior Vice President,
Innovation (Water) at Sembcorp Industries Ltd

Dr. Adrian Yeo is a Senior Vice President at Sembcorp Industries. His portfolio includes deploying new water innovations at Sembcorp assets as well as developing digital solutions for scaling Sembcorp's water business. Previously, he founded several successful water startups and NGOs. Adrian holds a PhD from Nanyang Technological University.

About SgWX Water Utilities Series

The SgWX Water Utilities Series is co-organised by the Singapore Water Exchange and the Singapore Water Association. The webinar provides a platform for the water industry to interact with overseas utilities and regulators, understand their challenges and identify business opportunities.

About the Singapore Water Exchange

The Singapore Water Exchange (SgWX), managed by PUB, Singapore's National Water Agency, is a purpose-built infrastructure to provide an integrated and conducive environment for water companies to innovate and collaborate. Launched in Jul 2018, SgWX offers a variety of collaborative spaces to serve as a launchpad for companies to grow their businesses in the region and beyond.

About the Singapore Water Association

The Singapore Water Association established since 2004 envisions to create a vibrant and dynamic water industry in Singapore. Its members have grown from an initial 9 founding members to almost 300 members. Singapore Water Association has been instrumental in profiling and promoting Singapore as a pivotal regional hub for all water-related services and water technologies, by providing a platform to build effective networking, facilitate opportunities for collaboration, and foster the exchange of ideas and knowledge amongst member companies.
