

GREENING AND TECHNOLOGY ADOPTION

## TECHNOLOGY FOR DEVELOPING ASIA'S INFRASTRUCTURE

Disruptions as a result of COVID-19 have heightened the awareness of and desire to increase adoption of technology on many fronts, including infrastructure. The article explores five ways that technology can revolutionise the infrastructure landscape for emerging economies.

## HOW SINGAPORE USES SCIENCE TO STAY COOL

Heat waves kill more people than any other extreme weather event: more than tornados, hurricanes, and even floods. That's why scientists are coming up with novel, new designs to help keep temperatures down in Singapore.
