UPCOMING LIVE WEBINAR

Smarter and Greener: Transforming Through Technology

22 July 2021, Thursday

4:00pm - 5:10pm Singapore Time (GMT+8)

Source: Tianjin Eco-City's Smart City Operations Centre

Technologies like Artificial Intelligence (AI) and Internet of Things (IoT) can improve lives, but may also increase vulnerabilities. How is technology driving change amidst global threats like COVID-19 and climate change, and at what cost? How can governments and businesses cooperate to help cities thrive in an ever-changing environment?
