CapitaLand

12.00PM End of Conference

Conference Themes

(I) Furthering the Impact of Green Buildings

Green building is set to transform the way we live, work and play this generation and beyond. Hear about building towards a zero-carbon Singapore built environment, developments in the European Union for building sector climate action as well as setting the foundation for next-generation buildings.

(II) Getting to Net Zero Carbon

Decarbonisation is becoming front and centre of any ESG or sustainability strategy. Find out how to bring embodied carbon upfront and what are trends, challenges and opportunities on the road to carbon neutrality.

(III) Sustainability Leadership in Action

Strong sustainability leadership drives positive change. Hear from industry leaders on portfolio decarbonisation strategies as well as their experiences in creating best-in-class green properties.
