

CONFERENCE

Smart Buildings Conference 2021

Intelligent infrastructure,
from concept to reality

Takes place on **Tues 2
& Weds 3 November**

BOOK NOW

Dear ACES Members

The world of buildings is connecting with smart technology faster than ever before.

Organised by RICS and in collaboration with REDAS, Smart Buildings Conference 2021 on 02-03 November comes at a unique time as we go from lockdown to rebound as buildings prepare to reopen and bring a safe and engaging return for so many. With leading voices from the smart buildings world delivering over truly thought-leading sessions at the virtual conference, professionals can collaborate over high-level content as we discuss Singapore's intelligent infrastructure journey as it continues making strides from concept to reality.

ACES is proud to be a Supporting Industry Partner for Smart Buildings Conference 2021. Exclusive discount is offered to all ACES members – please quote **SB2021_ACES** to unlock the supporting partner rate.

Thank you.
