

Dear CIJC Members,

We have previously shared with CIJC that SISV have been working on an Accreditation scheme for Quantity Surveyors as one of our Construction Industry Transformation Map Initiatives. We are now delighted to share that we have recently obtained endorsement and approval from BCA and the Government Central Procurers Panel (CPP) of the APQS scheme.

The APQS scheme aims over time, to be adopted as the future procurement benchmark for QS services in Singapore for both Public and Private Supporting Employer Organizations, as it provides formal recognition of the professional competences of a Professional QS. A pilot period is envisaged before it eventually becomes commonly adopted.

It therefore gives me great pleasure, to invite you to the SISV website link which introduces the scheme :

<https://www.sisv.org.sg/Accredited-Professional-Quantity-Surveyor.aspx>

We aim to start receiving general Applications by the official launch date of January 2022.

Meanwhile we do appreciate and look forward to your invaluable support as partners with us in our journey towards professional recognition in Singapore!

Yours faithfully,

President (QS Division)
Singapore Institute of Surveyors & Valuers
