Webinar Programme

Accelerating Clean Energy Adoption in Asia Through Partnerships and Technology

Renewable energy as the primary energy supply is expected to grow from 14% to 74% in 2050. According to IRENA's World Energy Transitions Outlook 2021, this requires an eight-fold increase in annual growth. As the world grapples with the effects of COVID-19, it is imperative not to lose track and keep pursuing the decarbonisation of our energy system. We need to develop clear policies, leverage new technology innovation in renewables, electric mobility, and most importantly, accelerate investments in clean energy.

3:30pm	<p>Opening Remarks</p>  <p>Edwin Khew Chairman Sustainable Energy Association of Singapore (SEAS)</p>
3:35pm	<p>Keynote Address</p>  <p>H.E. Dr João Galamba Deputy Minister and Secretary of State for Energy Portuguese Republic</p>
3:45pm	<p>Key Takeaways from IRENA's World Energy Transitions Outlook</p>  <p>Dolf Gielen Director, Innovation and Technology Centre International Renewable Energy Agency (IRENA)</p>
	<p>Panel Discussion: Accelerating Clean Energy Adoption in Asia Through Partnerships and Technology</p> <ul style="list-style-type: none"> • What are the opportunities for renewable energy deployment in Asia? • How can international collaboration accelerate the deployment of renewable energy? • What is the next phase for Solar in the ASEAN region and, what is the growth potential for offshore wind?

SIEW 2021 Sponsors:

The Singapore International Energy Week (SIEW) is made possible by the support of our sponsors. For more information about sponsorship opportunities with SIEW, you may contact Serene Chua at Serene_chua@ema.gov.sg.

About the Organisers:

The [Singapore International Energy Week \(SIEW\)](#) is an annual platform for energy professionals, policymakers and commentators to discuss and share best practices and solutions within the global energy space. SIEW 2021 will be held in a hybrid format with both onsite and online components from the 25 - 29 October at Marina Bay Sands.

The Energy Market Authority (EMA) is a statutory board under the Ministry of Trade and Industry. Our main goals are to ensure a reliable and secure energy supply, promote effective competition in the energy market and develop a dynamic energy sector in Singapore. Through our work, the EMA seeks to forge a progressive energy landscape for sustained growth. Please visit www.ema.gov.sg for more information.

The [Asia Clean Energy Summit \(ACES\) 2021](#) will feature a diverse line-up of events deep-diving into energy transition, floating solar, wind, electrification, and energy storage. Supported by leading government agencies, research institutes and industry in Singapore, the annual conference and exhibition provides a common platform for regional thought leaders in both the public and private sector to collaborate on critical issues and opportunities in harnessing clean energy for the future.
