

Dear CIJC members,

**Constructing our World Conference (COW) 2021**, the biennial flagship event for the construction and facility management community has been pivotal in influencing the future of the industry. We have been looking forward to reinstate the physical conference and exhibition this year themed “Pivoting towards a Greater Resilience”, created to address key issues pertaining to Climate Change, Sustainability, Innovation and Human Development.

As we endeavor on this journey, we have been closely observing the COVID-19 situation locally and globally to ensure the curation of a safe and conducive environment for the best interest of our attendees. It is unfortunate that our initial plans to roll out COW physically in Singapore on Q42021 can no longer be carried out due to the recent surge in cases.

It is a difficult decision which we made after consultation with various industry partners. Notwithstanding, we are in the midst of planning out the possibility of staging a scaled-down physical component of the event, involving high-level representatives. More details to follow.

Please be assured that COW 2021 will still take place albeit virtually for continued cross country learning and global collaboration. Dates have been pushed back to 8 – 9 December 2021 as we prepare to connect the regional Build Environment community on our digital platform.

Registration is now open. [Sign up early to enjoy discounted rates now.](#)

Please stay safe and keep well.

## EVENT DETAILS

## Constructing Our World 2021

*Virtual Event*

*8 - 9 December 2021*

**PROMO CODE:**

**CIJC2021v**

*For CIJC members only*

**CPD accreditation points**

*(application in process)*

*AIB, NZIOB*

*CIJC Member (ACES, IES, REDAS, SCAL, SGBC, SIA, SISV, SPM)*
