Subject: Register for SEAS x e-Symposia 2021 PowerACE

PowerACE launched in 2018 is a pitching competition launched by SEAS for start-ups in the area of energy efficiency, renewable energy and clean energy etc. Some of the selected start-ups will be exhibiting at [Asia Clean Energy Summit \(ACES\)](#), as part of [Singapore International Energy Week \(SIEW\)](#) where they will showcase their products and technologies to connect and exchange ideas with incumbents in the industry, meet with potential investors, and scout for the right professionals within the renewable energy sector.

Hear razor sharp pitches for their technologies and products from the top 12 selected market ready start ups in the [PowerACE 2021](#). These start ups will be judged by an esteemed panel of judges and compete for awards that could take them to the next stage.

Click the button below for more information and to register to watch the live pitch off online!

Register to watch the PowerACE live pitch off on 27 October!
