

CONSTRUCTING OUR WORLD 2021 - CONFERENCE PROGRAM

The 3rd edition of **Constructing Our World Conference 2021** happening from 8-9 Dec 2021 in Singapore is themed "Pivoting towards a Greater Resilience". Addressing key issues pertaining to Climate Change, Sustainability, Innovation and Human Development, this conference aims to catalyse conversation around the globe on development in the construction industry.

The conference is accompanied by a showcase of leading-edge technology, construction innovation and best practice methods. Bringing together some of the world's best thought leaders and innovators, Constructing Our World (CoW) conference addresses:

- The education and training required to groom the builders of the future
- Strategies in keeping up with the demands of new technology
- The buildings of the future and its demand of builders' knowledge and processes
- The latest government policies, budgeting, and development landscape for the region
