BCA ACADEMY

THE WORLD'S TALLEST MODULAR HOTEL

In response to rising construction demand and a severe shortage of skilled labour in the workforce, developers and contractors around the world are now revisiting the concept of off-site construction, integrating new technologies and manufacturing approaches and embracing it on a scale not seen before.

SUPERVISION OF PREFABRICATED PREFINISHED VOLUMETRIC CONSTRUCTION (PPVC) PROJECTS

NEW

Prefabricated Prefinished Volumetric Construction (PPVC) is one of the game-changing technologies that support the Design for Manufacturing and Assembly (DfMA) methodology to significantly improve productivity and safety onsite, and with fewer onsite headcounts. With the increased adoption of PPVC projects, it is critical that the supervision of projects involving PPVC is conducted efficiently and effectively for a smooth and productive project delivery.

WEBINAR
Collaborative Contracting and Contracts Best Practices
6 December 2021   I   3.00pm – 5.15pm

In the industry's move towards transformation and a more collaborative built environment sector, upstream collaboration and integrated planning & design are important key drivers. This forum will discuss best practices of collaborative approach towards project delivery with contract administration to augment technical knowledge and skills in transformative practices. Highlights of the forum include discussions on the perspectives of collaborative contracting, their various possibilities, challenges and advantages and showcase of implemented projects or practices through local and international case studies.

This webinar, delivered online, is jointly brought to you by the Building Construction Authority (BCA) and the Singapore Institute of Surveyors and Valuers (SISV).

TOPICS & SPEAKERS

Perspectives of collaborative contracting with implemented projects and practices in Hong Kong
Er John Kwong Ka Sing, Head of Project Strategy and Governance Office, Development Bureau, Hong Kong SAR Government

NEC and its practicalities towards collaborative contracting
Mr Daniel Cheung, Director, Strategic Lead, South China & Head of Infrastructure, NEA, Turner & Townsend

Contracts Management Best Practices, a Collaborative Contracting approach
Mr Tay Ter Long, Group Director, Contracts and Procurement, Jurong Town Corporation, Singapore
