

World Cities Summit 2022 Liveable and Sustainable Cities: Emerging Stronger

31 July to 3 August 2022
Sands Expo and Convention Centre, Marina Bay Sands, Singapore

April 2022

WCS 2022 Expo and the Singapore Pavilion

The WCS 2022 **Expo** is a platform for cities, countries, embassies, corporations and business associations to profile themselves through physical booths and pavilions. Key highlights at the Expo include the Singapore Pavilion, booths and pavilions by the Lee Kuan Yew World City Prize laureate cities and top-tier sponsors.

WCS delegates will be able to access the Expo for an exclusive viewing from noon onwards, on 31 July 2022. It will then be opened to registered trade visitors from 1 to 2 August 2022.

The **Singapore Pavilion** showcases Singapore's stride to become a living laboratory for solutions that enables greater liveability, sustainability and resilience. Helmed by the Singapore public sector, it will feature innovations, urban solutions, models and pilot projects by participating government agencies. It will also present projects and partnerships with industry partners, the community, institutes of higher learning and civic organisations.

Visitors can expect to view booths by the Land Transport Authority, JTC, the Housing Development Board and the Urban Redevelopment Authority, amongst others.
