As we enter July 2022, 28 workers did not get to return home to their loved ones after work.

This prompted us to organise a workshop that not only **raise the awareness of roofing safety**, but also **give practical information** for our audience to practise.

World of Safety & Health Asia is inviting subject-matter-experts among our contacts to come forward and share with the industry on topics similar to the recent spates of accidents related to roofing.

Event: Roofing Hazards and Controls Workshop

Organised by: World of Safety & Health Asia

Date: 19th August 2022

Time: 2pm to 5pm (3 hours)

Venue: via Zoom

Cost: **Free-of-Charge**

**SDU points pending for approval*
