Dear ACES Members

Survey to Understand the Challenges in Adopting BIM for Submissions

Dear Industry Professionals,

To leverage BIM technologies and transform the regulatory approval process, we have been working on CORENET X, which is targeted to launch in end-2023. As all projects will go through the same regulatory approval process under CORENET X, there will be a greater impetus for projects to adopt BIM to enjoy the full benefits of CORENET X.

This survey aims to help us understand the current challenges faced by industry practitioners who have yet to adopt BIM in their submissions.

Please help us complete a short survey by scanning the QR code below or by clicking the following link: <https://go.gov.sg/bim-adoption>

The survey will close on 16 November 2022

Thank you.

Best Regards,
CORENET X Project Office
