4. Closing date for application is **15 December 2022**.
5. The interview will be held in **February 2023**.
6. Successful applicant is required to attend the Fire Safety Course for RI.

Prerequisites for Applicants

Applicants aspiring to become Registered Inspectors (RIs) under the Fire Safety Act, must firstly satisfy the following criteria:

1. Have at least a first degree qualification that is recognised and accepted by the Board of Architects (BOA) / Professional Engineers Board (PEB) for registration.
2. Be either a Registered Architect (RA) with the Board of Architects or a Professional Engineer (PE) with Professional Engineers Board.
3. Have at least 10 years of experience as a **Project QP (Arch or M&E)** in the design & incorporation, as well as in the inspection & testing of fire safety works in all types of **major projects** covering commercial, industrial, residential, and institutional buildings.

4. Must have maintained a clean record as a RA or PE and must not have been found guilty of an offence under the Fire Safety Act, Professional Engineers Act or Architects Act.
5. Applicants must have a team of at least 2 technically qualified staff to assist in inspecting fire safety works. The staff must possess at least a recognised diploma qualification.

Notes

1. Architects and engineers from government departments, statutory boards and government-linked companies are not allowed to join this scheme.
2. Only applicants who meet the above requirements will be selected by SCDF to attend an interview with the RI Selection Panel. Successful applicants who have been shortlisted by the Panel will then be required to attend a short course conducted by Civil Defence Academy, after which they will be registered as RIs.
3. Notwithstanding the fact that an applicant fulfils the above criteria, the Singapore Civil Defence Force reserves the right in considering the applicant for registration as a Registered Inspector.
4. Registered Inspectors (RI) are categorised into 2 disciplines, one specialising in architectural/ building aspects and is known as the RI (Arch) and the other specialising in mechanical & electrical aspects and is known as the RI (M&E).
5. All Registered Inspectors must continue to be either a RA or PE to practise as a RI.
