Dear Sir / Mdm

REVISED SEAL DESIGN FOR SPECIALIST PROFESSIONAL ENGINEERS

This circular is to inform the industry of the revised seal design for Specialist Professional Engineers (SPEs) with effect from 1 April 2023. SPEs play an important role in more complex and specialised areas of professional engineering work. The revised seal design will give better recognition to SPEs for their specialization.

2 PEB's current guidance to all SPEs with regard to their seal is that the seal diameter is to be 40mm and the design bears the name, professional engineer registration number and the specialist branch of the SPE.

3 To accentuate the standing of SPEs, the revised seal for SPEs will now include the word "**Specialist**" in the design. Please refer to Annex A for samples of the new designs for the various Specialist branches. SPEs can use the new seals from 1 April 2023.

4 We would appreciate it if you could disseminate the contents of this letter to members of your organisation. If you have any queries, please email registar@peb.gov.sg.

5 Thank you.

Yours faithfully

Foo Siang Jeok

Registrar
