The Institution of Engineers, Singapore (IES) was established in July 1966 as the national society of engineers in Singapore. IES mission is to advance and promote the science, art and the profession of engineering for the well-being of mankind and national development of Singapore. Today, IES represents the voice of engineers in Singapore, upholding their professional status and image nationally, regionally and internationally through its representation in the Professional Engineers Board, Singapore and in the ASEAN Federation of Engineering Organisations (AFEO); and its links with other professional institutions of engineers worldwide.
