

Dear Qualified Erosion Control Professional,

The Earth Control Measures (ECM) Registry would like to invite you to nominate outstanding ECMO for the **Exemplary Earth Control Measures Officer Award for 2023**.

The Exemplary Earth Control Measures Officer Award is intended to recognize the **exceptional dedication and contributions of ECMO** in leading the implementation, operation and maintenance of Earth Control Measures at the construction sites, to prevent causing silty discharge to the waterways.

This award also aims to motivate all ECMOs to strive for excellence in their ECM work, and to help the construction industry to play a significant role in the overall national efforts of keeping our waterways clean and beautiful for all to enjoy.

The awards will be given out during ECM Night 2023 to be held on 17th Nov 2023.
