### SINGAPORE ENERGY SUMMIT, 23 OCTOBER

Hear from energy leaders on:

#### Session 1: Net Zero Asia

This session will explore how governments, international institutions and industries can work together towards a Net Zero Asia. Speakers will share their perspectives on the strategies needed to support the energy transition and meet net zero goals, while ensuring security and resiliency in the energy systems.

#### Session 2: Intensifying Net Zero Innovation

This session will discuss key and evolving technologies and innovation, that will be instrumental in forging a net zero future. The panel will discuss barriers and the opportunities that the global community will need to address to unlock the full potential of these technologies.

#### Special Session: Hydrogen as the Future of Net Zero Energy

The panel will explore the current developments of hydrogen technologies and its related opportunities and challenges. Speakers will discuss the potential applications of hydrogen in various sectors, including transportation and industry, technological innovations required to scale-up hydrogen to meet the demand for net zero energy, as well as key principles stakeholders should work towards to accelerate the production, utilisation and trade of hydrogen.

#### Session 3: Securing Green Financing for a Net Zero Future

This session will highlight the role of the financial sector for green financing towards net zero. Speakers will share their perspectives on financing strategies that could accelerate the energy transition, and instruments that could enable the region to enhance the bankability of clean energy projects in support of regional interconnectivity.

SIEW is made possible by the support of our sponsors.

### About SIEW

The [Singapore International Energy Week \(SIEW\)](https://www.siew.gov.sg) is an official trademarked event organised by the Energy Market Authority (EMA). It is an annual platform for energy professionals, policymakers and commentators to discuss and share best practices and solutions within the global energy space. The 16<sup>th</sup> edition of SIEW will be held from the 23 - 27 October 2023 in Singapore.

### About the Energy Market Authority

The Energy Market Authority (EMA) is a statutory board under the Singapore Ministry of Trade and Industry. Through our work, we seek to forge a progressive energy landscape for sustained growth. We aim to ensure a reliable and secure energy supply, promote effective competition in the energy market and develop a dynamic energy sector in Singapore.
