We are excited to announce that CORENET X will be soft-launched on 18 Dec 2023!

You would have seen the Circular issued by BCA-URA on 26 Sept 2023, which sets out the implementation details and timelines for submissions to be progressively onboarded to the new CORENET X platform.

Join us in the upcoming Webinar. We will be sharing on the implementation plans and also the support that we will be providing to industry professionals. Importantly, we will also do a walk-through of the Code of Practice (1st Edition) relevant to CORENET X.
