

RICS-REDAS Singapore Smart Buildings Conference

1 November | 08:30 - 17:00 SGT | Grand Copthorne Waterfront Hotel, Singapore

Returning for its 6th year, this face-to-face event will provide the latest technological innovations and emerging trends, while exploring the benefits of integrating smart building features. Join us and connect with industry professionals, policymakers, and thought leaders to foster collaborations and work towards a sustainable, resilient, and net-zero future for our built environment.

Early bird discount available until 30 September 2023.

Dear ACES Members

How will the Singapore Green Plan 2030 and Smart Nation Initiative contribute to a smarter and more sustainable future for the country? What implications does the transition to a global circular economy hold for Singapore and the wider SEA regions?

RICS-REDAS Smart Buildings Conference returns as a face-to-face event for the sixth year. Join us as we engage in dialogues and discussions with industry professionals, policymakers, and thought leaders on the latest trends, policies, and technologies shaping the landscape of smart building, construction, and real estate sectors in Singapore.

Theme: Accelerate to build a smart, resilient and net-zero future.

Date: 01 November 2023

Time: 08:30 - 17:00 SGT

Venue: Grand Copthorne Waterfront Hotel, 392 Havelock Road, Singapore 169663
