

28 Dec 2023

FAP Webinar - February 2024- Block date

We are glad to inform you that Engineering and Consulting Firms Association (ECFA), Japan will be organising the Webinar series of FAP. The topic chosen is appropriate considering the happenings in the world due to impact of climate change. This is an advance notice for blocking the date in your Calendar.

The poster features a blue geometric background. At the top, the FIDIC Asia Pacific logo is displayed next to the text 'FAP WEBINAR SERIES'. The main title 'DISASTER RESILIENT INFRASTRUCTURE' is prominently displayed in white. Below it, the text 'HOSTED BY Engineering and Consulting Firms Association, Japan' is shown. The event details are listed in three circular icons: '27 TUESDAY, FEBRUARY 2024', a clock icon for '15.00 - 17.00 JAPAN TIME', and a video camera icon for 'ON ZOOM PLATFORM'. At the bottom, there is a red banner for 'FREE REGISTRATION', a dark blue button for 'STAY TUNED', and the text 'FOR MORE INFORMATION'.
