DYNAMIC EXPERIENCE ZONES

Witness live demonstrations on the latest cutting-edge technology, where safety takes center stage in the construction workplace!

NEW

Powered Access Day 2024 – IPAF Safety Zone

Step into the future of powered access at the IPAF Safety Zone! Immerse yourself in a dynamic experience featuring cutting-edge machine demonstrations by industry leaders such as Galmon Singapore, LGMG, and Modern Singapore.

Witness these state-of-the-art machines in action and gain firsthand insights into their advanced functionalities, balancing safety and efficiency firsthand!

NEW

WSH Tech Experience Zone

Based on the Workplace Safety and Health (WSH) Report for first half of 2023, injuries in Construction were driven by smaller scale works such as Addition & Alteration (A&A), Renovation and Facility Management (FM)-related works.

Head down to the 'WSH Tech Experience Zone', where you can take on the role of a safety supervisor and test your ability to identify safety hazards that are commonly found in construction sites. See the WSH technology in action and find out how they can help you to identify, review and address safety hazards.
