Dear Sir,
A warm greetings from the Land of Himalayas!

Society of Consulting Architectural and Engineering Firms (SCAEF), a member of International Federation of Consulting Engineers (FIDIC) and FIDIC Asia Pacific Nepal is an umbrella organization of consulting architectural and engineering firms. We have been recognized by Government of Nepal (GON) as "National body of Consultants".

We, at SCAEF Nepal, are proud to announce that we have secured the opportunity to host an international conference representing FIDIC Asia Pacific on theme of "Governance for Climate Shocks".

It is our immense pleasure to request for your participation with full delegation of individuals, and the executives of your organization for a joint collaboration to share this platform to join us, as one of the esteemed organizing partners of Asia Pacific region. We have also attached our Sponsorship Brochure and Submission of Abstract Call for the event.

The conference offers engineering and/or construction sector services and product providers, business houses, manufacturers, and suppliers an equal platform and networking opportunities. Products and services can be exhibited through corporate branding with possibilities such as presentation, company promotions, product/equipment demonstrations, ads, and other media.

SCAEF Nepal is highly visible on various government forums for the welfare of the national consulting architectural and engineering firms and attempts to promote quality of consulting services.

Currently, SCAEF Nepal has 272 Nepali Architectural and Engineering consulting firms as registered member firms. SCAEF's objectives are to:

- Encourage progress and develop the business and profession of national consulting firms;
- Create a conducive atmosphere for healthy competition;
- Create a scenario for wider and major participation by the Nepali consulting sector through its' member firms in development projects within and outside of the country;
