## **Upcoming Events**

### **Launch of two new Technical References (TR 103:2022 and TR 112:2023) to improve maintenance readiness in railway systems**

**Date: 27 September 2024**

**Time: 1500 – 1620hrs**

**Venue: Online via Zoom (Link will be provided upon standard purchase)**

Organised by the Transportation Standards Committee, Institute of Engineers (IES)-SDO, this webinar will introduce two new Technical References (TR 103:2022 and TR 112:2023), focused on maintenance process and system modifications in rapid transit systems.

Targeted at railway professionals, architects, consultants and other industry stakeholders, the session will provide valuable insights into setting up processes that meet regulatory requirements and enhance the safety and efficiency of rail systems.

Attendance is complimentary with the purchase of the standards.

## 23rd Singapore International Bunkering Conference and Exhibition (SIBCON)

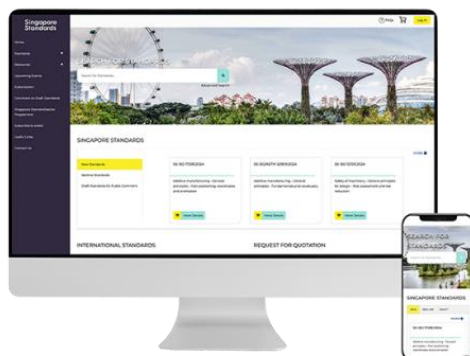

**Date: 8-10 October 2024**

**Venue: Resorts World Sentosa**

Organised by the Maritime and Port Authority of Singapore, the Singapore International Bunkering Conference and Exhibition is the world's largest and most influential marine fuel event. Bringing together leading industry leaders and high-profile innovators, this 2024 edition not only provides insightful sharing, it also offers networking opportunities to facilitate business interactions.

Witness the launch of a new Singapore Standard at the Pre-conference Symposium on 8 October, from 9am onwards. Get your tickets to the event [here](#)
