# Standards Updates

Bringing you the latest news on standards

October 2024

## October Highlight

### Join us in celebrating World Standards Day on 14 October!

World Standards Day, celebrated annually on 14 October, recognises the vital role that standards play in promoting safety, efficiency, innovation and interoperability across industries worldwide. It is a day to honour the tireless efforts of the experts who develop standards that impact every aspect of our lives—from technology and healthcare to manufacturing and the environment.

As part of the celebration, we are offering up to **25% discount on all Singapore Standards from 14 October to 13 November 2024!** Visit the Singapore Standards eShop today and explore this limited time offer!

**Start Date: 22 October 2024**

**End Date: 24 October 2024**

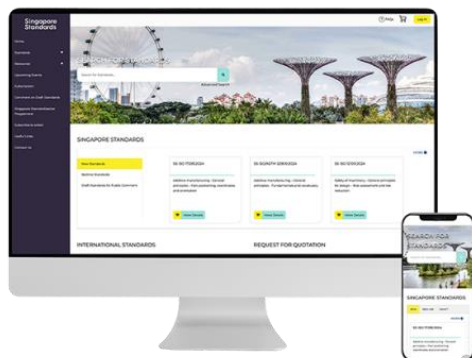

**Venue: Sands Expo & Convention Centre**

Are you ready to join Asia's leading event focusing on clean energy technology, policy and finance? The Asia Clean Energy Summit (ACES) 2024, supported by government agencies, research institutes and industry in Singapore provides a platform for regional thought leaders to collaborate on critical issues and opportunities in harnessing clean energy for the future.

ACES support standardisation work in offshore wind, smart grids and secondary cells, with a focus on communication networks and systems for power utility automation under the TR IEC/TR 61850 standard series. These advancements are essential in driving a sustainable energy future. Register now to be part of this event!
