--	--

* Special rate for YEAFEO members – to participate, individuals must register through their respective organisations.
 If you're interested in participating, please send and email to secretariat@cafeo42malaysia.com

One of the most anticipated sessions during CAFEO 42 will be the AFEO ENGINEERING CONFERENCE, where we will have the opportunity to exchange valuable information, insights and ideas with our fellow engineers from the ASEAN region. To make this session even more engaging, we invite colleagues to submit papers and contribute their thoughts in line with the conference theme of **CHARTING ASEAN GROWTH WITH DIGITAL TRANSFORMATION, SMART ENGINEERING AND GREEN SOLUTIONS.**

Calling All Engineers!

CAFEO 42 is back in Malaysia, but it only comes once every decade as it travels across all 10 ASEAN countries every year! Don't miss this rare opportunity to connect with top engineers from across the region.

Register for the conference now:
