DAY 1 RECAP

At the Singapore Energy Lecture, Deputy Prime Minister and Minister for Trade and Industry Gan Kim Yong highlighted:

- The importance of regional energy interconnectivity within ASEAN
- Singapore's commitment to low carbon solutions, highlighted by the announcement of a grant call for carbon capture and storage feasibility studies
- Efforts to enhance Singapore's grid responsiveness and capabilities through the Virtual Power Plant pilot and expanding demand response programmes

The IEA Regional Cooperation Centre was officially launched in Singapore. IEA Executive Director Dr Fatih Birol said: "The opening of the IEA's new office in Singapore is a historic moment for the IEA and signals a step change in our relationship with Southeast Asia. We look forward to working much more closely with all the countries in this dynamic and fast-growing region, whose influence over global energy trends is markedly increasing."

During the Singapore Energy Summit Keynote, H.E. Dr Kao Kim Hourn, Secretary-General, ASEAN, said the ASEAN Power Grid is crucial for enhancing energy resilience, regional integration, and advancing a low carbon future. A significant milestone was achieved with the completion of the first phase of the Lao PDR-Thailand-Malaysia-Singapore Power Integration Project, showcasing the feasibility and benefits of multilateral cross-border collaboration.

About SIEW

The Singapore International Energy Week (SIEW) is an official trademarked event organised by the Energy Market Authority (EMA). It is an annual platform for energy professionals, policymakers and commentators to discuss and share best practices and solutions within the global energy space.

About Energy Market Authority (EMA)

The Energy Market Authority (EMA) is a statutory board under the Singapore Ministry of Trade and Industry. Through our work, we seek to build a clean energy future that is resilient, sustainable, and competitive. We aim to ensure a reliable and secure energy supply, promote effective competition in the energy market and develop a dynamic energy sector in Singapore. Visit <http://www.ema.gov.sg> for more information.
