

3 January 2025

**Subject:** Register Now for the BuildTrust® Manager Training Course – Special ACES Member Discount!

Dear ACES Members,

As professional engineers, you understand the critical role construction quality plays in ensuring successful project outcomes. We are excited to invite you to sign up for the **BuildTrust® Manager Training Course**, organized by MBAS, with ACES serving as part of the advisory council, alongside the Singapore Institute of Architects (SIA) and the Society of Project Managers (SPM) for the BuildTrust® Assessment Scheme.

**About BuildTrust®:**

BuildTrust® is an accreditation scheme developed by MBAS and supported by BCA, specifically for landed properties and micro projects. It recognizes builders who uphold high-quality construction standards, helping to reduce disputes with stakeholders and enhance project outcomes.

 BUILDTRUST®
