

BCA and IMDA are co-organising the upcoming Digital Solutions Roadshow on **24th March 2025 (PM)**. The aim is to create awareness and drive adoption of the recently launched Built Environment Industry Digital Plan (BE IDP), and help SMEs accelerate their digital transformation in the Built Environment sector. We greatly appreciate your support in sharing the appended eDM with your SME members and encourage their participation through the **registration link here: <https://go.gov.sg/beidp-roadshow>**

Join us at the roadshow to discover innovative digital solutions, experience interactive demonstrations at the tech booths, and witness dynamic tech pitches from solution providers. Learn more about the Built Environment Industry Digital Plan (IDP) and how various government agencies can support you on your digitalisation journey. There will also be opportunities to connect one-on-one with industry stakeholders and innovators. Secure your spot today!
