

Subject: Elevate Project Quality with BuildTrust® Manager Training – Special Discount for ACES Members

As project managers, you play a critical role in ensuring construction excellence and the successful delivery of high-quality projects. We are pleased to invite you to the **BuildTrust® Manager Training Course**, organized by MBAS in collaboration with The Architect Academy - the training arm of Singapore Institute of Architect (SIA), with **SPM serving as part of the advisory council**, alongside the **Singapore Institute of Architects (SIA) and the Association of Consulting Engineers Singapore (ACES)** for the BuildTrust® Assessment Scheme.

About BuildTrust®

BuildTrust® is a construction project accreditation scheme developed by MBAS and supported by **BCA**. It is designed for **landed properties and micro projects**, recognizing builders committed to exceptional construction quality and reducing disputes among stakeholders.
