### BEAMP Cycle 6 is now open for challenge statement submissions!

The [Built Environment Accelerate to Market Programme](#) (BEAMP) is a multi-agency initiative that brings together innovators and industry leaders to co-create practical solutions for Singapore's built environment sector.

We're inviting industry players to submit challenge statements for the upcoming BEAMP Cycle 6 that address operational needs across the built environment value chain. Challenge statement owners will have the opportunity to work closely with startups and solution providers to co-develop, pilot, and scale impactful technologies — with support from public sector partners.

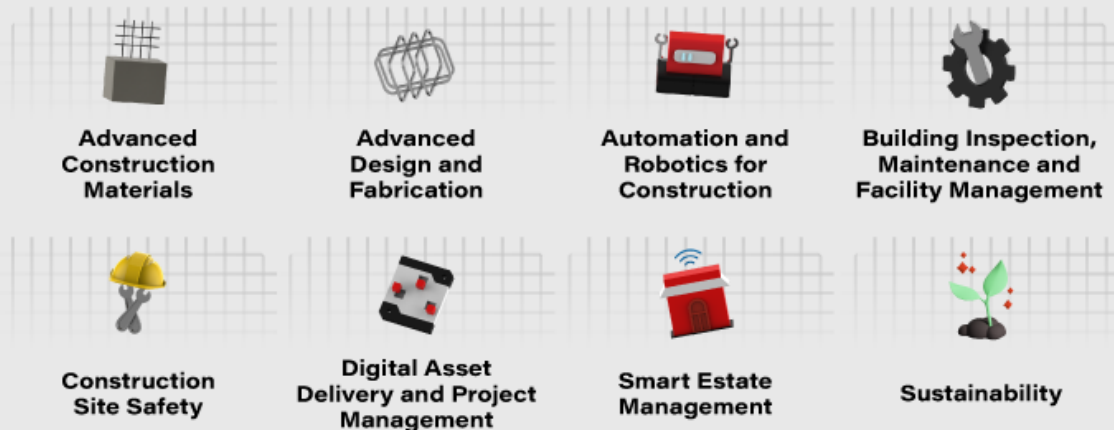

BEAMP is jointly driven by the **Building and Construction Authority (BCA)**, **JTC Corporation (JTC)**, and **Enterprise Singapore**.

### Does your company have a challenge statement to contribute?

We welcome companies with specific pain-points seeking tech solutions or innovation opportunities to contribute challenge statements to the upcoming cycle of BEAMP and become a Challenge Statement Owner (CSO).

[Submit by Friday, 31 July!](#)

## Thematic Pillars

## Learn more at the Industry Engagement Session

Join us in person to explore how your organisation can play a leading role in shaping innovation in the built environment.

This session will introduce BEAMP Cycle 6, highlight new programme features and funding mechanism, and guide you through the challenge submission process. Come with your questions — and see how BEAMP can help turn your toughest challenges into real-world solutions.

**Date:** Tuesday, 3 June 2025

**Time:** 3.30pm onward (SGT)

**Venue:** BCA Braddell Campus, iNode, 200 Braddell Road Singapore 579700
