

**For the attention of all Member Associations**

Dear colleagues,

We hope this e-mail finds you all well.

FIDIC awards represent the best in global practice and performance across the infrastructure sector. The awards recognise, highlight and reward the achievements and successes of consulting engineering member firms across the globe and the important impact their projects have on social, economic and environmental quality of life around the world.

Each award is presented at one of FIDIC's global events such as its Global Infrastructure Conference or its Official International Contract Users' Conference. During these events the winners of an award will be invited to the stage to receive their award in front of an audience of peers and leaders of the global consulting engineering community and its stakeholders.

FIDIC bespoke awards platform means that entering the awards couldn't be easier, with an easy-to-follow, step-by-step online submission process. Entrants are able to save their entry and return to it to complete later, making the process straightforward and user-friendly.

The FIDIC Awards platform, can be accessed here: <https://fidic.awardsplatform.com/>

We look forward to receiving your entry and good luck!

Wishing you a pleasant day.

Stay safe.

Best regards,

Oro
