The energy landscape is rapidly evolving – and breakthrough technologies are redefining how we power our future. Discover what's next in energy at [SIEWConnects@Washington, D.C.](https://www.siew.gov.sg/resources/edms) on 24 June 2025.

What will tomorrow's energy systems look like? Leading experts will break down the technologies, trends, and innovations shaping the future, exploring:

- Advancements in energy systems driven by artificial intelligence
- Strategies for natural gas optimisation in a low-carbon future
- Scaling hydrogen technologies and infrastructure
- Driving international collaboration for a sustainable energy future

Why attend?

- Unlock key insights into the technologies shaping the future of energy
- Explore breakthrough solutions paving the way for a greener future
- Grow your network with like-minded industry leaders and decision-makers shaping energy innovation

PROGRAMME OUTLINE	
11:00 AM	Registration
11:30 AM	Welcome Remarks by the Energy Market Authority of Singapore (EMA) Puah Kok Keong , Chief Executive
11:40 AM	Presentation by EMA on Singapore Energy Transition Liyana Gafoor , Principal Analyst, External Relations
11:45 AM	Panel on Technology & Transformation: Building Tomorrow's Energy Systems George Pickart , Managing Director of Global Government Affairs & Policy, GE Vernova
12:30 PM	Networking Reception

**Programme is subject to change.*

Be part of the conversation that will influence tomorrow's energy landscape.

About SIEW

The [Singapore International Energy Week \(SIEW\)](#) is an official trademarked event organised by the Energy Market Authority (EMA). It is an annual platform for energy professionals, policymakers and commentators to discuss and share best practices and solutions within the global energy space. The 18th edition of SIEW will be held from 27 - 31 October 2025 in Singapore.

About Energy Market Authority (EMA)

The Energy Market Authority (EMA) is a statutory board under the Singapore Ministry of Trade and Industry. Through our work, we seek to build a clean energy future that is resilient, sustainable, and competitive. We aim to ensure a reliable and secure energy supply, promote effective competition in the energy market and develop a dynamic energy sector in Singapore. Visit <https://www.ema.gov.sg> for more information.
