

As you may be aware, submission via CORENET X will soon become mandatory for all new projects with GFA of 30,000m² and above from 1 October 2025 (more information can be found at <https://go.gov.sg/cxtimeline>).

As an industry leader, your insights are crucial in shaping this transition. We regularly conduct pulse check surveys to gauge industry preparedness and identify potential challenges. Your perspective will be particularly valuable in understanding how organisations are adapting to this change and what support might be needed to ensure a smooth transition.

I would be grateful if you could complete the survey at: <https://go.gov.sg/cxpulsecheck>.

Please feel free to share this survey with your peers and colleagues whose insights would also be valuable. For more information about the implementation timeline, please visit: <https://go.gov.sg/cxtimeline>.

Thank you for your continued support in transforming our built environment sector. Your leadership plays a vital role in driving this important change.

Regards,
Chi Leong
