

Dear TACs,

This is Rena from BCA's corporate communications department. After seeking public consultation on the Built Environment Decarbonisation Technology Roadmap, we have refined the roadmap and it was announced to media at the Urban Solutions and Sustainability (USS) Research and Innovation (R&I) Congress on 5 Feb.

Details can be found in the media release and Annex D factsheet at this link: <https://www.mnd.gov.sg/newsroom/press-releases/view/stronger-support-and-partnerships-to-bring-urban-innovations-to-the-market>

We would like to seek TACs' support to help disseminate information on the roadmap to your members through your communication platforms. We'll leave it to TACs to decide your preferred mode of sharing this info e.g.

- Send PR and the factsheet to members via email / EDM
- Publish PR and factsheet on your website
- Publish an article on your publication / newsletter

One key information to share with your members will be the link to the report: <https://go.gov.sg/decarbroadmap>, as we hope to have more industry stakeholders using the roadmap to gain awareness and adopt the available market-ready solutions to decarbonise their building portfolios.

We have also posted on BCA's LinkedIn at [https://www.linkedin.com/posts/bcasingapore\\_built-environment-decarbonisation-technology-activity-7425116029833633792-UWgD](https://www.linkedin.com/posts/bcasingapore_built-environment-decarbonisation-technology-activity-7425116029833633792-UWgD) and we appreciate your help to share our post on your social media platforms where possible too.

For further technical clarifications on the roadmap, you can contact Melody / Ngian Chung at [Melody\\_CHI@bca.gov.sg](mailto:Melody_CHI@bca.gov.sg) / [WONG Ngian Chung@bca.gov.sg](mailto:WONG_Ngian_Chung@bca.gov.sg)

Thank you.

**Rena Pang**
