ARE YOU READY TO LEAD THE WAY IN SUSTAINABILITY?

The biennial SGBC-BCA Leadership in Sustainability Awards return in 2026 to honour the visionaries defining the future of Singapore's built environment. This is the built environment sector's premier platform to recognise exceptional leadership: the inspiring *Professionals*, groundbreaking *Building Projects*, and transformative *Businesses* building a greener, more resilient Singapore.

About the SGBC-BCA Leadership in Sustainability Awards 2026

More than an accolade, the Awards set the benchmarks for excellence. It is where the built environment sector's most influential professionals,

green building projects and businesses receive the highest distinctions for sustainability leadership.

This year, we will be honouring outstanding contributions across three categories:

- **Professionals** - Recognising the individuals: Green Mark Professionals, whose personal expertise, advocacy, and drive are propelling the green building industry forward.
- **Businesses** - Commending the organisations that have embedded sustainability into their core strategy, reshaping business models, fostering innovation, and creating lasting market transformation.
- **Building Projects** - Celebrating the revolutionary and landmark green building projects - from net-zero buildings to community-centric retrofits - that demonstrate tangible sustainability excellence and set new standards for the built environment.

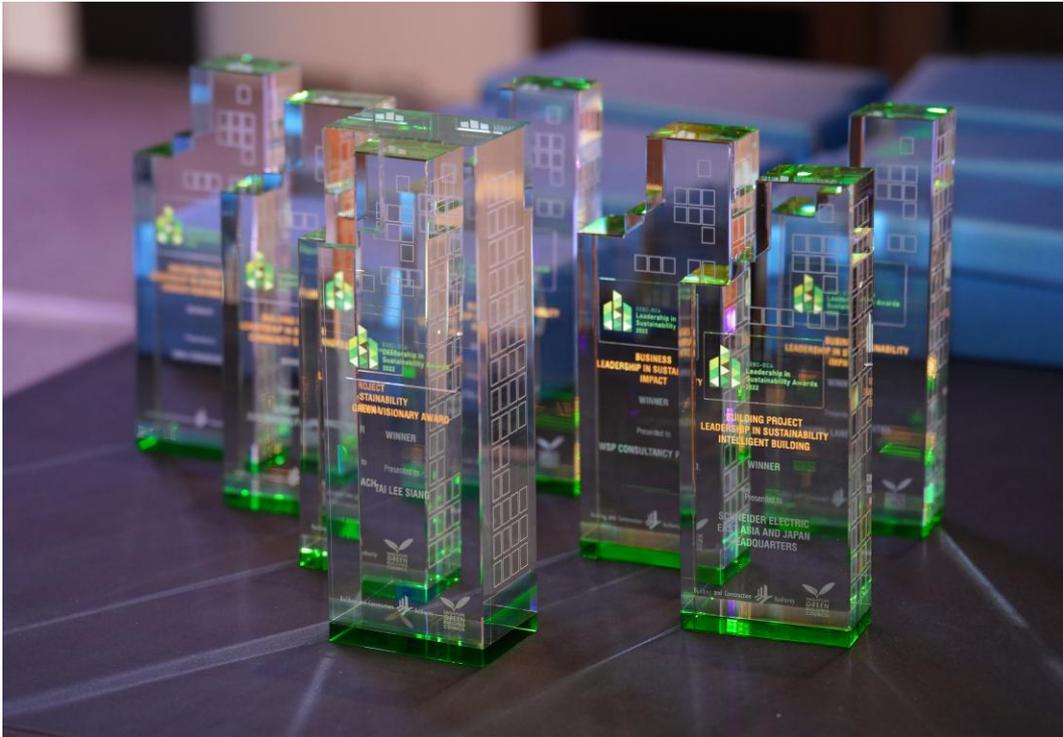

Winners of the SGBC-BCA Leadership in Sustainability Awards 2026 will be honoured at the **SGBC Awards Gala Dinner on 30 July 2026**.

Nominations are now open and will close on

31 March 2026 at 11:59PM (GMT+8).
