

(ONLINE WORKSHOP)
**The "Intelligent" Worksite:
Navigating AI & ESG**

Date: 28 April
Time: 1:00 PM - 5:00 PM (GMT +8)

Dear ,

We are excited to announce the launch of WSHAsia's first online workshop of 2026, set to be held on **Tuesday, 28 April 2026** from **1pm to 5pm**, created exclusively for professionals who want to stay ahead in the evolving landscape of workplace safety and health.

Introducing our upcoming online workshop: **The "Intelligent" Worksite: Navigating AI and ESG**

As artificial intelligence, automation, and ESG expectations reshape industries, safety professionals are entering a new era where technology and governance play a critical role in how safety is managed, monitored, and reported. This 4-hour online workshop brings together industry experts to share insights on how emerging technologies and sustainability frameworks are transforming Occupational Safety and Health (OSH).

In this workshop, you will gain insights into:

- how **safety data** can be transformed into **ESG-ready disclosures**
- how generative AI support **incident documentation and safety reporting**
- how **autonomous technologies** are improving worksite safety & efficiency
- how AI-powered technologies can transform the **role of safety professionals on modern worksites**

Pending approval for CPD points.
