## **SGBC Learning Journey to Buildo Engineering:**

### **Optimising Thermal Performance**

#### **with Cork**

Friday, 22 May 2026 | In-Person CPD Event

Cork offers a natural insulation solution characterised by low thermal conductivity and strong thermal inertia. When integrated into architectural design, cork-based systems can effectively reduce heat gain and enhance insulation performance in both hot and cold environments.

These systems address key building challenges by:

- Reducing the urban heat island effect
- Lowering cooling loads and improving energy performance
- Enhancing thermal comfort for occupants
- Mitigating thermal bridging

- Managing condensation and moisture movement

This SGBC Learning Journey, powered by SGBC Member Buildo Engineering, will explore the application of cork-based systems in architecture. Participants will gain practical insights into specifying cork as a high-performance thermal solution that delivers measurable heat reduction and insulation performance, while supporting long-term environmental sustainability.

#### **LEAD TRAINER**

**Adrian Sia**

Business Development Manager, Buildo Engineering Pte Ltd

#### **Event Details**

Friday, 22 May 2026

3:00PM - 5:30PM

Buildo Engineering Pte Ltd,  
BCA Braddell Campus, Block E,  
Level 6, #06-61, 200 Braddell Road,  
Singapore 579700

[\(Google Maps\)](#)

#### **Education Partner**

### **Event Fees (w/ GST)**

SGBC Member: \$20

Green Mark Professionals: \$20

### **CPD Information**

SGBC-GMP: 2 Points

### **IMPORTANT NOTE**

Please ensure that a valid and active email address is used for registration as the event details will be sent directly to the participants. If you are registering on behalf of a participant, please use their name and contact details for registration.

SGBC reserves the right to amend the event programme without prior notice. SGBC reserves the right to allocate registrations to ensure a well-balanced representation of professions at each event for the best learning outcomes. Professional CPD points will only be awarded after verification of in-person attendance. Full payment must be received at least three days before the event.
